ABOUT ME

Final-year Computer Engineering Student at National Academy of Science and Technology (NAST), affiliated with Pokhara University. Passionate about Web development and Network Design. Currently seeking an internship opportunity to gain real-world experience, improve my technical skills, and contribute to meaningful projects.

EDUCATION

National Academy of Science and Technology (NAST) Expected 2026
Dhangadhi-3, Kailali
Bachelor of Computer Engineering

SKILLS

Frontend: HTML, CSS, JavaScript

Backend: Python (Flask)

Tools/Platform: Git, GitHub, StarUML, AWS, Cisco Packet Tracer, Postman, VS Code

Database: MySQL

Programming: C, C++, Java

Concept: REST APIs, Authentication, Database Design

Soft Skill: Problem-Solving, Critical Thinking, Effective Communication, Teamwork

PROJECTS

Old Book Store Web Application | [Github](#)

Academic Minor Project

- Developed a responsive web platform that allows users to list, browse, buy and sell second hand book
- Implemented backend logic using Flask and integrated MySQL Database for data management.
- Designed an intuitive and user-friendly interface for better user interaction.
- Technologies: HTML, CSS, Flask, MySQL

Portfolio Website | [Github](#)

- A responsive personal portfolio website to showcase project, technical skills, certifications, and contact information.
- Technologies: HTML, CSS, JavaScript

Home Lab Network Design | [Github](#)

- Simulate a small enterprise network topology by configured IP addressing and Routing between multiple devices.
- Tools: Cisco Packet Tracer

ACTIVITIES AND INTERESTS

- Interested in Data Science, AI/ML
- Continuously learning modern technologies through online bootcamps and projects to improve my programming, thinking and analytical skills.
